

GABRIEL LEYVA

SOFTWARE ENGINEER

85410 Wobusan y XII Guaymas, Sonora | gleyvaesquivel@gmail.com | www.geverel.com/leyv4a

I am a Software Engineering student with a passion for problem-solving and developing custom solutions. I excel in collaborative environments and continuously work to improve my skills. With strong communication and leadership abilities, I've managed complex projects, always ensuring successful delivery. I specialize in web development and IT support, and I'm constantly seeking new challenges.

AREA OF EXPERTISE

Java	NoSQL	Git	OOP	Project Management
Java Script	SQL	Docker	Networking	IT Support

KEY ACHIEVEMENTS

-
- Developed custom web applications for optimizing internal processes and real-time data management.
 - Implemented a finished product control system, enhancing production department efficiency.
 - Created web platforms for diverse industries, focusing on usability and intuitive design.
 - Successfully coordinated the implementation of a record and shipping control system, improving product tracking.

PROFESSIONAL EXPERIENCE

System Technician, Serconomar

Jun 2023 - Present
