José Carlos Pérez Zamora

Software Engineer | ISTQB® Certified Tester | QA automation

📞 +598 98 887 333 | ✉ jcpz8808@gmail.com | 📍 Montevideo, Uruguay

Summary

Engineer in Computer Science. Master in Distance Education(technology in education). I am currently working as a Quality Assurance Engineer, doing both manual and automated testing. I have solid experience in complete software development cycles and software testing life cycle. I have experience in QA automation, with OOP. I have more than 9 years of experience in IT. I believe that what I learned best at university was "learning how to learn".
